

STEPHENS WARING

YACHT DESIGN

PRESENTING

AZULITA

Designed for comfortable and sporty daysailing, this design by SWYD is trailerable and easily rigged at the launch ramp.

This prototype was built by *The Northwest School of Wooden Boat Building*, launched September, 2013.

Classic lines blend seamlessly with her modern underbody and state-of-the-art rigging: distinctive and high-performance sailing adds more than a touch of yesterday's grace.

In the cockpit there's plenty of elbowroom and storage for time on the water with up to a party of six.

OFFERED AT **\$59,000** USD
